

DR. DICKIE REPLIES TO ROSE OF MILWAUKEE

President of Albion College, Who Will Speak at a Temperance Meeting at Calumet M. E. Church Saturday Evening. Will Insist on a Third Debate With Milwaukee's Executive.

Considerable interest is being generally evinced in the controversy between Mayor David S. Rose of Milwaukee and Dr. Samuel Dickie of Albion college, this state, relative to a third debate on the prohibition question. Mayor Rose, as the champion of the liquor interests, and Dr. Dickie, as the representative of the "drys," have already engaged in two debates, and Mayor Rose in a recent interview in a Milwaukee paper declared he would debate no further with Dr. Dickie, styling the head of Albion college as an ungentlemanly demagogue and saying other uncompromising things about him.

"I do not consider that the debate with Mayor David S. Rose is off," said Dr. Dickie when apprised of Mayor Rose's remarks. "I shall insist that it take place. I have named the last three Fridays in January as the dates that would be acceptable to me, and hope that Mayor Rose will accept one of them. I shall debate him either in Detroit or in Milwaukee—wherever he likes."

"The report in the papers that I mimicked Mayor Rose is absolutely untrue," said Dr. Dickie. "I had a legislator in mind—not Mayor Rose at all. You can interview Dr. Dickie of Milwaukee with reference to that, and in substantiation of what I say."

"In regard to the statement of Mayor Rose that I was the challenger for debates after the first one, I will say that this is not true. It was Mayor Rose himself who asked for three debates. I was the challenger in none of them. "It is untrue, also, that I had accepted a date for a debate with the mayor at the Seattle exposition. There was some correspondence with regard to that, but no date was determined upon, although I had offered to meet him there on July 28. There is absolutely no truth in the statement that a date had been agreed upon, as the mayor well knows."

"So the mayor says I am no gentleman? I shall be obliged to dissent from that, and let it go at that. I think the mayor knows better. I have treated him with great courtesy, both in public and in private."

"As for being the representative of a tottering cause, I do not consider myself such, in view of the fact that over half the territory in this country is 'dry.' That does not look much like a tottering cause, does it? I think it will not fail."

"I repeat that I shall insist upon the third debate taking place."

Rose's References to Dickie.

"A demagogue, lacking the instincts of a gentleman."

This is the manner in which Mayor David S. Rose refers to Dr. Samuel Dickie, Albion, Mich., in a formal announcement in which he declares that he shall not participate in a third debate with Dr. Dickie on the liquor question. This debate has long been looked forward to by the friends of both, and the mayor's announcement

Monday created a good deal of surprise.

"Mr. Dickie's conduct," says the mayor in explanation, "was that of a cheap demagogue. In his Milwaukee speech he was undignified, discourteous and personal. I did not suppose that my personal appearance or dress was up for consideration and yet he did not hesitate to comment upon both."

"The original proposition was for one debate. In response to my challenge. That was held in this city. He claimed the right, as the challenged party, to open and close the discussion and I conceded it to him."

"The suggestion of further debate came from his side and if there was any challenge for subsequent debates, it came from them. This was the understanding when the arrangements were made for the Chicago debate, but he refused to accede to me, as the challenged party, what he had claimed for himself when he was challenged."

"In May I received an invitation from the Seattle exposition people to meet Dickie at the exposition for the third debate. I accepted, provided that the question for debate and order of speaking were made the same as those which governed the Chicago debate."

"I received word from the exposition people that the terms were accepted by Mr. Dickie and June 11 was fixed for the debate. I went to Seattle and reported to the committee ready for the debate, but Mr. Dickie did not appear, claiming a misunderstanding."

"He came here in my absence from the city, and in public speech undertook to make my manner of speaking and gestures, but I suppose that was necessary for him to do to make his effort acceptable. He referred to me as a 'high-browed politician.' I never understood that my personality had anything to do with the question of prohibition and it must be a terrifying cause that makes it necessary to resort to such disreputable methods."

"Now, I think I have finished with Mr. Dickie and hereafter when I engage in joint discussions it will be with some one who has some acquaintance with the ethics of a gentleman."

LITTLE WILLIE KNEW.

Little Willie, the son of a German town woman, was playing one day with the girl next door, when the latter exclaimed:

"Don't you hear your mother calling you? That's three times she's done so! Aren't you going in?"

"Not yet," responded Willie impudently.

"Won't she whip you?"

"Naw!" exclaimed Willie in disgust. "She ain't goin' to whip nobody! She's got company. So, when I go in, she'll just say 'The poor little man has been so deaf since he's had the measles!'"

ONE MILLION DOLLARS FOR A GOOD STOMACH

This Offer Should be a Warning to Every Man and Woman.

The newspapers and medical journals have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable. His misfortune should serve as a warning to others. Every one who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is caused by an abnormal state of the gastric juices. There is one element missing—Pepsin. The absence of this destroys the function of the gastric fluids. They lose their power to digest food.

We are now able to supply the pepsin in a form almost identical to that naturally created by the system when in normal health, so that it restores to the gastric juices their digestive power, and thus makes the stomach strong and well.

We want every one troubled with indigestion and dyspepsia to come to our store and obtain a box of Rexall Dyspepsia Tablets. They contain Bismuth-Subnitrate and Pepsin prepared by a process which develops their greatest power to overcome digestive disturbance.

Rexall Dyspepsia Tablets are very pleasant to take. They soothe the irritable, weak stomach, strengthen and invigorate the digestive organs, relieve nausea and indigestion, promote nutrition and bring about a feeling of comfort.

If you give Rexall Dyspepsia Tablets a reasonable trial we will return your money if you are not satisfied with the result. Three sizes, 25 cents, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Calumet only at our store.—The Rexall Store, Vasthinder & Read.

Our prices are suitable to all—our goods speak for themselves, we have often told you. They can't beat us on prices. We buy our goods in big quantities and pay cash, that's the reason we can give you the benefit of the low prices. We still sell a full quart Sunny Brook for \$1.00 always at

LAURIUM

LAURIUM SKI CLUB SOON TO ARRANGE FOR WINTER SPORT

Meeting Will be Called in Near Future When Matters of Importance Relative to Present Season Will be Discussed—New Hill Will be Provided for Tournaments.

With the advent of snow the Laurium Ski club, which held some excellent ski contests last winter, will call a meeting in the near future when arrangements for the present season will be made.

A severe storm last winter blew down the platform erected by the club members on a hill in the Florida district, and did so much damage that it has been practically decided to abandon this site. The club is not in any two sound a condition financially. It is likely that each member will be asked to donate a certain sum toward the erection of another ski hill, and Laurium business men will also be asked to help financially.

The Alouette hill is favored by some of the members for ski jumping, and it is probable that the ski contests to be carried out this winter will take place there. This hill is admirably adapted for the purpose, and if properly built up would make an ideal place for the sport.

Some of the Laurium merchants are not in favor of changing the ski hill, believing that the Florida site will answer the purpose, at least for another winter. Next season it is possible that a big hill may be erected in the Laurium Athletic park. Contests could be carried out there along national lines. Substantial prizes might be offered, and inducements held forth to attract some of the best ski riders in the country. There are a large number of Scandinavian riders in the copper country who are experts, and with a good hill and plenty of practice men of championship caliber might be produced right here. Many members of the Laurium club have had considerable experience in the old country and with advantages could give good accounts of themselves in ski jumping.

NEXT ATTRACTION OF THE Y. M. C. A. COURSE DEC. 14

Claude N. Bennett, Well Known Lecturer, Will Talk at the Calumet Theater on the Panama Canal, a Subject on Which He is Thoroughly Posted—Tickets Already on Sale.

With two numbers of the Lyceum course disposed of, attention is being directed toward the third attraction, the date of which is December 14. Claude N. Bennett, a noted lecturer, will be heard that evening at the Calumet theater.

The Y. M. C. A., under whose auspices the course is being held, is anxious to secure a large audience for this lecture, and tickets have already been placed on sale at the Y. M. C. A.

Mr. Bennett will lecture on the Panama canal, a subject with which he is thoroughly familiar. He has given this talk from about thirty platforms in as many states. Audiences of scientists, men, men's and women's club, college faculties and students, school teachers and others, in fact, practically every kind of audience has heard it, and it has not once failed to give perfect satisfaction. Testimonials from prominent people and from
